DETAILED ACTION

Allowable Subject Matter

Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance: Prior art does not teach in combination with the other limitation of the independent claims an inner casing member having a flange part mounted on the front casing, a cylindrical barrel part interposed between the rotor and the drive magnet, said barrel part having a front end integral with the flange part and a rear end, and a rear end part integral with the rear end of the barrel part and having a closed rear end, said inner casing member being to be in direct contact with the pump supply fluid in the pump chamber, and a casing cover member corresponding in shape to the inner casing member and having a flange part, a cylindrical barrel part and a rear end part, said casing cover member being fitted on the outer periphery of the inner casing member, said rear casing having a reinforcing belt-like ring member woundly fitted on the outer periphery of the cylindrical barrel part of the inner casing member between the inner casing member and the casing cover member, said ring member having a width smaller than the length of the cylindrical barrel part of the inner casing member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
